

**PUBLIC DELEGATIONS - SCHEDULE OF PRESENTERS (July 21, 2020)**

<b>Start Time</b>	<b>Time Allotted (min)</b>	<b>Name of Presenter (s)</b>	<b>Organization/ Individual</b>	<b>Key Message</b>
6:15	5	Sarah Davison	Individual	I want to talk about FASD and the lack of designated funds. FASD has a higher rate incidence than ASD.

**PUBLIC INPUT – WRITTEN**

<b>Message</b>
An Upper Richmond Village School is needed as Jack Chambers is out of area and Masonville is over capacity and this entire community has to rely on a bus ride downtown to a school out of the area or Private schooling. Personally our child is medically fragile with diabetes and requiring her to bus a distance with no medical supervision puts her at risk. Regardless, our input is that this community needs an elementary school. It also could use a high school, as a similar issues exists with Medway being considered out of the zone, even though its only a few minutes drive versus having to bipass this perfectly good high school for Lucas. It just doesn't make any sense.
