Previous meetings have highlighted the desire for a community meeting. TVDSB administration recommends an online live public budget information session to explain the Board's annual budget process and public consultation opportunities. This session will be recorded and posted on the budget section of the website.  The public will be able to submit questions, some of which will be addressed during the presentation, with the rest answered in a poste budget 'Q&A'. Colleagues at other boards have found this format well-received. The session date and time will be communicated to Principals to inform the school council and/or home and school association. We suggest holding this session in February/March.	Content:	the budget process to gather community feedback. However, administration is proposing not to conduct a budget survey in the new year.
